

Persistence in Prayer

Luke 18:1-8

- Why do people give up asking?
 - Don't believe their cause is righteous?
 - Don't believe them selves to be righteous?
 - Don't believe it is God's will.
- When you believe that you are righteous, your cause is righteous and that God wills it, you keep coming!
 - Bold prayers honor God, and God honors bold prayers. God is offended by anything less. If your prayers are not impossible to you, they are insulting to God.
 - Most of us don't get what we want because we quit praying. We give up too easily. We give up too soon. We quit praying before we receive our answer.
- Mark Batterson, "Too often we pray ASAP-as soon as possible-prayers. We need to start praying ALAT prayers-as long as it takes."
