Your Kingdom Come, Your Will Be Done

Before you begin asking for your needs and desires in prayer, you must bring your entire life under the rule of Jesus. This is consecration in prayer.

We often jump straight into praying without first aligning ourselves with Jesus – like a trombone player who simply starts playing her part without waiting for the conductor.

Dedicate your home, relationships, job and sexuality, whatever needs God's grace, deliberately and intentionally to Jesus, bringing it fully into His kingdom and under His rule.
